## Upgrading the Pacific Highway Failford Road to Tritton Road

### **Project determination**

Final approval has been granted for the 3 kilometre upgrade of the Pacific Highway between Failford Road and Tritton Road, about 25km south of Taree.

The RTA determined on 30 September 2008 that the construction and operation of the Failford Road to Tritton Road upgrade could proceed subject to the implementation of all environmental controls and mitigation measures detailed in the review of environmental factors, the associated submissions report and the Conditions of Approval.

Documents are on display at:
