Temporary traffic changes between Mororo and Jacky Bulbin Flat

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of building the upgrade between Mororo and Jacky Bulbin Flat, traffic will be temporarily moved onto new sections of road in stages between April and May, weather permitting. This includes temporarily moving the intersection for Mororo Road and the Pacific Highway 130 metres north.

These traffic changes will allow us to maintain traffic flow on the road network while we safely continue to build the upgrade. Local road access will be maintained and motorists will be kept informed about dates for these traffic changes through electronic message signs and on livetraffic.com.au.

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work we will:

- turn-off machinery when not in use
- direct temporary lighting down and away from homes
- locate equipment such as generators as far as possible from residences
- plan activities to minimise noise from reversing vehicles
- monitor noise so we can manage any potential impacts and adjust the work activity as required

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.

Work hours

Typically work will be carried out during the project’s approved construction hours, which are:

<table>
<thead>
<tr>
<th>Approved construction hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday to Friday 7am–6pm</td>
</tr>
<tr>
<td>Saturday 8am–5pm</td>
</tr>
</tbody>
</table>

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

Work outside of approved construction hours

To complete the traffic changes, work is required outside approved construction hours. This work is planned between 6pm and 7am for up to five nights in each location, weather permitting.

Building next to, over and on existing roads, means traffic may be stopped or reduced to one lane while work is carried out. By working at night, delays are minimised and journey times for motorists are less affected.

Traffic changes

To manage queuing and safety, there will be some temporary traffic changes and lane closures will occur. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
