Temporary traffic changes on the Pacific Highway and Whytes Lane West, Pimlico

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of building the upgrade, temporary traffic changes will be carried out on the Pacific Highway and Whytes Lane West at Pimlico from mid-November, weather permitting.

Northbound traffic will be moved onto the new southbound carriageway, one lane in each direction, while asphalt ing and line marking is carried out. Reduced speed limits will be in place.

The Whytes Lane West and Pacific Highway intersection will be temporarily closed from Monday to Friday 7am to 6pm and Saturday 8am to 5pm, for about two weeks.

Wayfinding signage will be in place and motorists will be kept informed about dates for the changes through electronic message signs and livetraffic.com.au.
Maintaining local access

During the closure, access to Pimlico Road and Whytes Lane East from the Pacific Highway for northbound traffic will be available via Coolgardie Road. There will be no change to access at either local road for southbound traffic.

Access to the Pacific Highway northbound will be maintained via the Mc Andrews Lane overpass bridge if travelling from the west, and the temporary intersection of Whytes Lane East and the Pacific Highway south of the overpass. Traffic control will be in place to direct traffic turning northbound out of this intersection.

Outside approved construction hours, Whytes Lane West will be returned to the existing arrangement with left in and left out access to the Pacific Highway.

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work, we will:

- direct temporary lighting down and away from homes
- locate equipment such as generators as far as possible from residences
- turn off machinery when not in use
- plan activities to minimise noise from reversing vehicles
- monitor noise and implement further mitigation measures, if required

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.

Work hours

Typically work will be carried out during the project’s approved construction hours, which are:

<table>
<thead>
<tr>
<th>Approved construction hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday to Friday 7am–6pm</td>
</tr>
<tr>
<td>Saturday 8am–5pm</td>
</tr>
</tbody>
</table>

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried out on Sunday or a public holiday.

Traffic changes

To manage queuing and safety, there will be some temporary traffic changes and lane closures that may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs.

Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
