

## Work outside approved construction hours on the Pacific Highway, Pimlico

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of building the new highway, the project team will be working outside approved construction hours. This work is for technical reasons and planned at various times between October and November 2019, weather permitting.

### Work hours

Typically work will be carried out during the project’s approved construction hours, which are:

**Approved construction hours**

Monday to Friday 7am–6pm

Saturday 8am–5pm

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

### Work outside of approved construction hours

There are technical reasons why this work is required outside approved construction hours including:

- **Safety** – making it safer for motorists and workers when we are building over and next to roads by reducing interactions between these two groups.
- **Traffic** – building next to, over and on existing roads, means traffic may be stopped or reduced to one lane while work is carried out. By working at night, delays are minimised and journey times for motorists are less affected.

### Work we will do

Location	Activity	Occurrence	Hours	Impact	Why
Pacific Highway, Pimlico	<ul style="list-style-type: none"> <li>• Relocation of safety barriers</li> <li>• Pavement profiling and asphaltting</li> <li>• Line marking</li> </ul>	Up to two occurrences	Monday to Friday from 6pm to 7am	Medium noise Dust Vibration Lighting	Safety Traffic

### How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work, we will:

- turn-off machinery when not in use
- direct temporary lighting down and away from homes
- plan activities to minimise noise from reversing vehicles
- locate equipment such as generators as far as possible from residences

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.

### Traffic changes

To manage queuing and safety, there will be some temporary traffic changes and lane closures that may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

### Keeping you informed

Work outside of approved construction hours will be carried out as outlined in the table provided. If you would like to be notified before work starts near you, please contact the project team and register for email or SMS notifications.

To speak to a member of the project team during work outside of approved hours please call 1800 778 900 (dial 1). We apologise for any inconvenience and thank you for your patience during this important work.
