

February 2019

## Controlled blasting near Bondi Hill Road, Tyndale

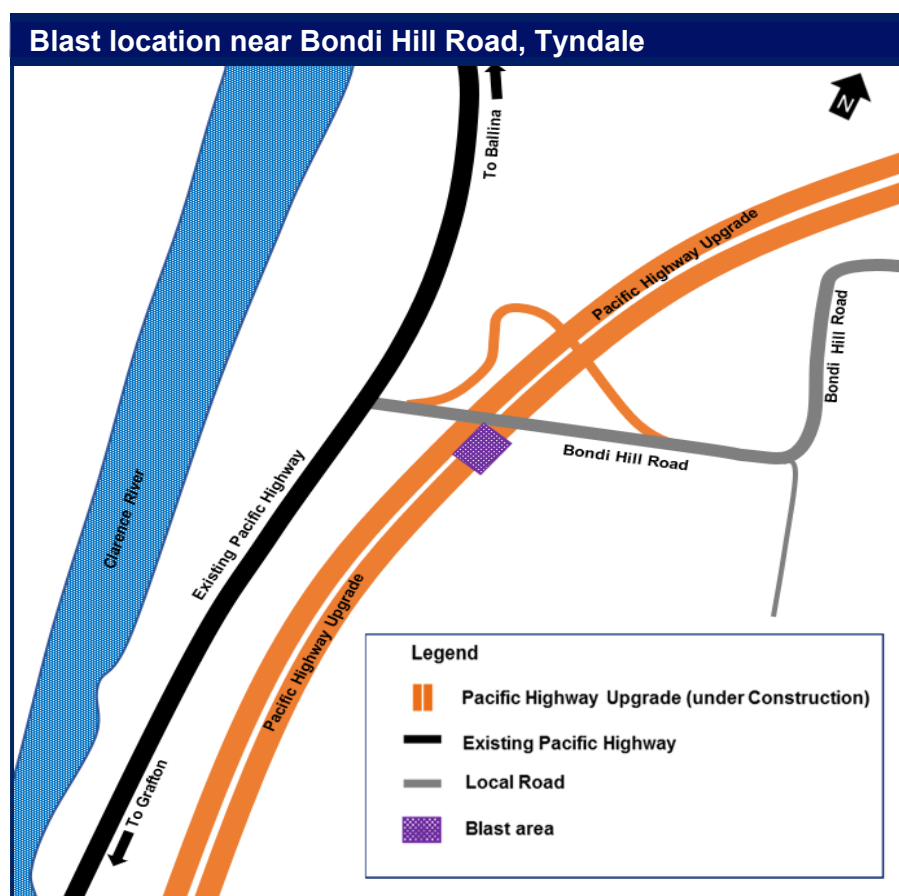

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

Starting February 2019, the project team will be carrying out drilling and controlled blasting near Bondi Hill Road to break up rock and create gravel needed to build the new highway.

Controlled blasting will take about 30 minutes and will be carried out up to two times per week for two weeks, weather permitting.

The project team will liaise with residents and property owners, via phone, email or sms, within one kilometre of the blast area to provide them with advance notice 24 hours before each blast takes place.

A controlled blasting fact sheet has been attached for your information.

## Traffic changes

During blasting, restricted access will be in place around the worksite and there will be some temporary traffic delays to ensure the safety of road users and workers. Traffic delays of up to five minutes can be expected on the Pacific Highway at Tyndale when controlled blasting is carried out.

Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app

## Work hours

Approved work hours are from 7am to 6pm on weekdays and from 8am to 5pm on Saturday. Approved hours for blasting are from 9am to 5pm on weekdays and from 9am to 1pm on Saturday.
