

Temporary traffic changes between Devils Pulpit and Woodburn

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

The temporary traffic changes between Devils Pulpit and Woodburn have been delayed due to recent rain. As part of building the upgrade in this area, traffic will now be temporarily moved onto a new section of road, one lane in each direction, in July, weather permitting.

This temporary traffic change will allow us to maintain capacity on the road network while we safely continue to build the upgrade. Local road accesses will be maintained, however, some u-turn facilities will be relocated. Motorists will be kept informed about dates of these traffic changes through electronic message signs and on livetraffic.com.au.

Access to private properties will be maintained at all times, however, there will be traffic changes on the Pacific Highway which will alter access to a number of local roads, including Minyumai, Serendipity and Cypress Roads.

Temporary signage will be in place to assist with wayfinding and residents affected by these changes will be contacted directly.

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work, we will:

- turn off machinery when not in use
- direct temporary lighting down and away from homes
- locate equipment such as generators as far as possible from residences
- plan activities to minimise noise from reversing vehicles
- monitor noise so we can manage any potential impacts and adjust our work, as required.

All work will be carried out in line with the project's Conditions of Approval and Construction Environmental Management Plan.

Work hours

Typically work will be carried out during the project's approved construction hours, which are:

Approved construction hours	
Monday to Friday 7am–6pm	
Saturday 8am–5pm	

In areas where residents live more than 200 metres from the work, extended approved work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

Work outside of approved construction hours

To complete the temporary traffic changes, work is required outside approved construction hours. This work is planned between 6pm and 7am for up to four nights in each location, weather permitting.

Building next to, over and on existing roads may require traffic to be stopped or reduced to one lane while work is carried out. By working at night, delays are minimised and journey times for motorists are less affected.

Traffic changes

To manage traffic queuing and safety, there will be some temporary traffic changes and lane closures will occur. Please obey speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
