Temporary traffic changes between Devils Pulpit and Woodburn

Roads and Maritime Services, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of building the upgrade between Devils Pulpit and Woodburn, traffic will be temporarily moved into new sections of road, one lane in each direction, in stages between May and July, weather permitting.

These temporary traffic changes will allow us to maintain traffic flow on the road network while we safely continue to build the upgrade. Local road accesses will be maintained, however, some u-turn facilities will be relocated. Motorists will be kept informed about dates and these traffic changes through electronic message signs and on livetraffic.com.au.

NOTE: This map is indicative only and not to scale.
* Motorists will be kept informed about dates with electronic message signs

pacifichighway.nsw.gov.au
Access to private properties will be maintained at all times, however, there will be traffic changes on the Pacific Highway which will change access to a number of local roads, including:

- Tuckombil Road
- Wondawee Way
- Trustums Hill Road
- Minyumai Road
- Serendipity Road
- Cypress Road

Temporary signage will be in place to assist with wayfinding and residents affected by these changes will be contacted directly.

How we manage our work
The project team will use machinery that generates noise, light and vibration. To manage this work, we will:

- turn off machinery when not in use
- direct temporary lighting down and away from homes
- locate equipment such as generators as far as possible from residences
- plan activities to minimise noise from reversing vehicles
- monitor noise so we can manage any potential impacts and adjust our work, as required.

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.

Work hours
Typically work will be carried out during the project’s approved construction hours, which are:

<table>
<thead>
<tr>
<th>Approved construction hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday to Friday 7am–6pm</td>
</tr>
<tr>
<td>Saturday 8am–5pm</td>
</tr>
</tbody>
</table>

In areas where residents live more than 200 metres from the work, extended approved work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

Work outside of approved construction hours
To complete the temporary traffic changes, work is required outside approved construction hours. This work is planned between 6pm and 7am for up to eight nights in each location, weather permitting.

Building next to, over and on existing roads may require traffic to be stopped or reduced to one lane while work is carried out. By working at night, delays are minimised and journey times for motorists are less affected.

Traffic changes
To manage traffic queuing and safety, there will be some temporary traffic changes and lane closures will occur. Please obey speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
