Work outside approved construction hours between Broadwater and Wardell

Transport for NSW, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of building the road between Broadwater and Wardell, the project team will be working outside approved construction hours to apply waterproofing on bridges. This work is for technical reasons and planned at various times between February and March 2020, weather permitting.

*Indicative only – map not to scale*

**Work hours**
Typically work will be carried out during the project’s approved construction hours, which are:

pacifichighway.nsw.gov.au
Approved construction hours

Monday to Friday 7am–6pm
Saturday 8am–5pm

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday.

Work outside approved construction hours

There are technical reasons why this work is required outside approved construction hours. The waterproofing membrane on bridges cannot be applied during rain or hot weather. During summer months the waterproofing needs to be applied in the evening when temperatures are generally cooler.

Work we will do

How we manage our work

The project team will use machinery that generates noise and light. To manage this work we will:

- turn-off machinery when not in use
- direct temporary lighting down and away from homes
- plan activities close to residents to coincide with normal construction hours, where possible
- fit equipment with devices to minimise noise, particularly reversing squawkers
- monitor noise so we can manage any potential impacts and adjust our work as required.

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.

Traffic changes

To manage queuing and safety, there will be some temporary traffic changes and lane closures that may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Keeping you informed

Work outside of approved construction hours will be carried out as outlined in the table provided. If you would like to be notified before work starts near you, please contact the project team and register for email or SMS notifications.

To speak to a member of the project team during work outside of approved hours please call 1800 778 900 (dial 1). We apologise for any inconvenience and thank you for your patience during this important work.
