

Start of short-term day-time vehicle movements between Teven and Coolgardie

Transport for NSW, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

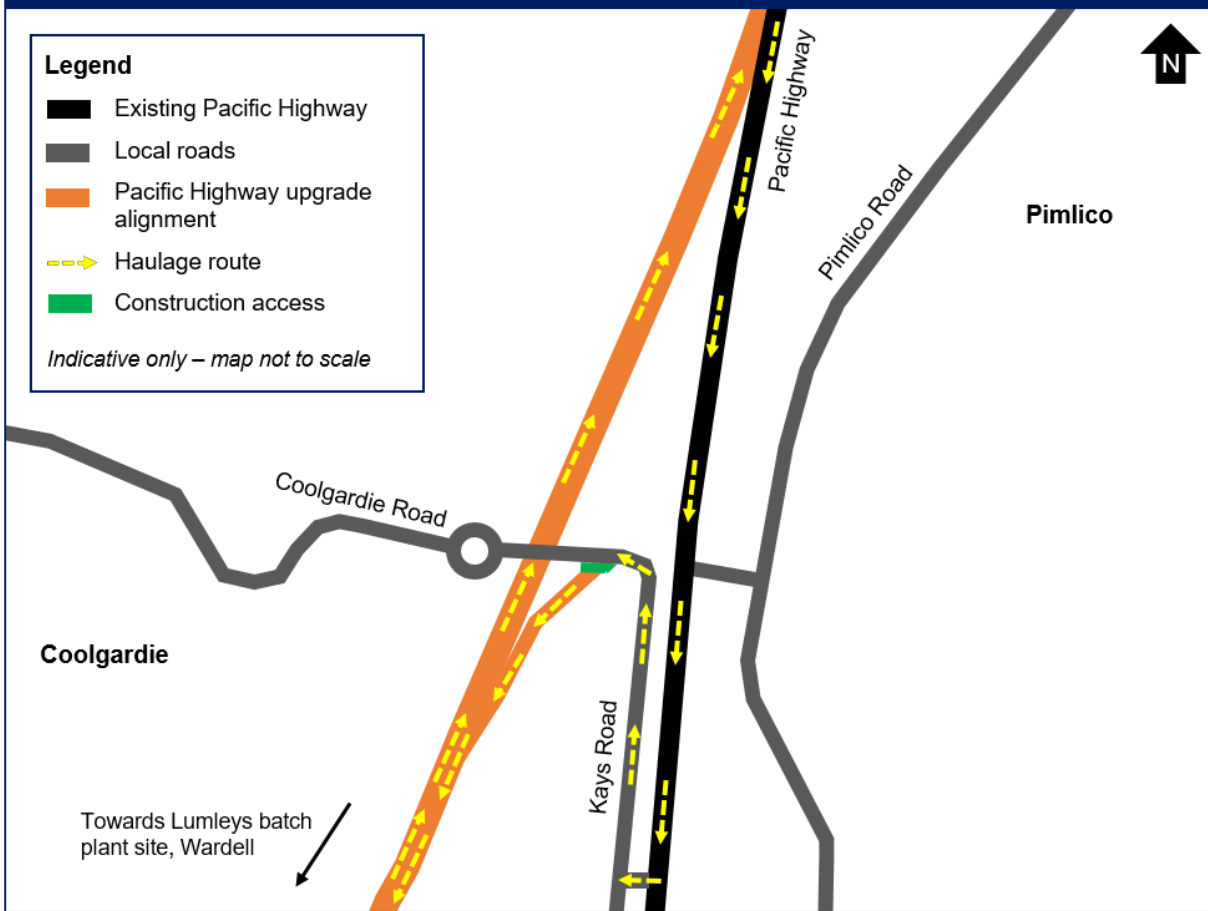

As part of building the upgrade, the project team will transport materials from an existing material stockpile in Teven to the Woolgoolga to Ballina project area. This work is expected to start from late January 2020 and will take up to three months to complete, weather permitting.

The temporary stockpile at Teven was used during construction of the Ballina bypass and Pimlico to Teven Pacific Highway upgrades. The stockpiled materials will be reused in the rehabilitation of the Lumleys Hill batch plant site at Wardell.

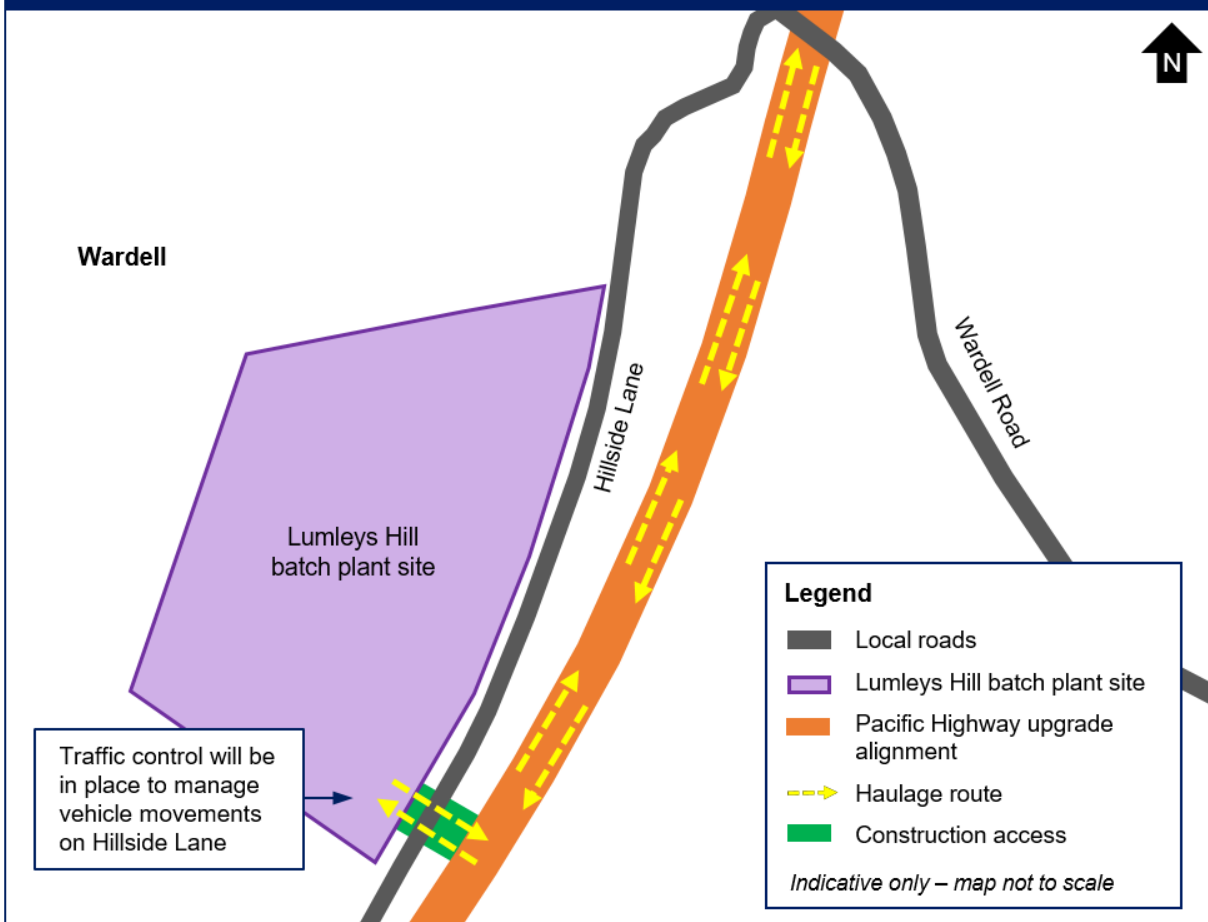

The haulage route includes the existing Pacific Highway, the new highway alignment and some local roads in Teven and Coolgardie. The number of truck movements will vary, but will be up to 200 per day at peak.

Coolgardie heavy vehicle access route

Lumleys Hill batch plant site, Wardell

This work will involve:

- upgrading the existing access to the stockpile site on Paperbark Close, Teven
- transporting stockpile material from Teven south to the Woolgoolga to Ballina project area via the Pacific Highway and Kays Road, Coolgardie
- placing the material at the former Lumleys Hill batch plant site, Wardell
- revegetating the Lumleys batch plant and Teven stockpile sites once the haulage is complete
- street sweeping while the truck movements are being carried out, as required.

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work we will:

- turn off machinery when not in use
- plan activities to minimise noise from reversing vehicles
- monitor noise and implement further mitigation measures, if required.

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.

Work hours

Typically work will be carried out during the project’s approved construction hours, which are:

Approved construction hours	
Monday to Friday 7am–6pm	
Saturday 8am–5pm	

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday. No work will be carried on Sunday or a public holiday.

Traffic changes

To manage queuing and safety, there will be some temporary traffic changes and lane closures that may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
