Removal of the temporary water take point at Tucabia Boat Ramp, Tucabia

Transport for NSW, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

Work to remove a temporary water take point at Tucabia Boat Ramp, Tucabia will begin in June. This take point was installed as part of the Woolgoolga to Ballina upgrade and work is expected to take about one week to complete, weather permitting.

As part of this work, traffic control will be in place and there will be up to 15 heavy vehicle movements on Coldstream Terrace, Candole Street and Tucabia - Tyndale Road to remove material and equipment.

Work will involve:

- removing the rock hardstand and temporary access track
- removing all construction material including, orange flagging and geofabric
- restoring the land once all materials and equipment have been removed
How we manage our work
The project team will use machinery that generates noise and vibration. To manage this work we will:

- turn off machinery when not in use
- plan activities to minimise noise from reversing vehicles
- monitor noise and implement further mitigation measures, if required

All work will be carried out in line with the project’s Conditions of Approval and Construction Environmental Management Plan.
