

Temporary traffic change on the Pacific Motorway between Mororo and Devils Pulpit

Transport for NSW, Pacific Complete and its contractor partners are working together to deliver the Woolgoolga to Ballina Pacific Highway upgrade.

As part of finishing work between Mororo and Devils Pulpit, there will be a temporary traffic change to complete asphaltting on a small section of southbound carriageway between Jackybulbin Road and the Mororo rest area in coming weeks, weather permitting.

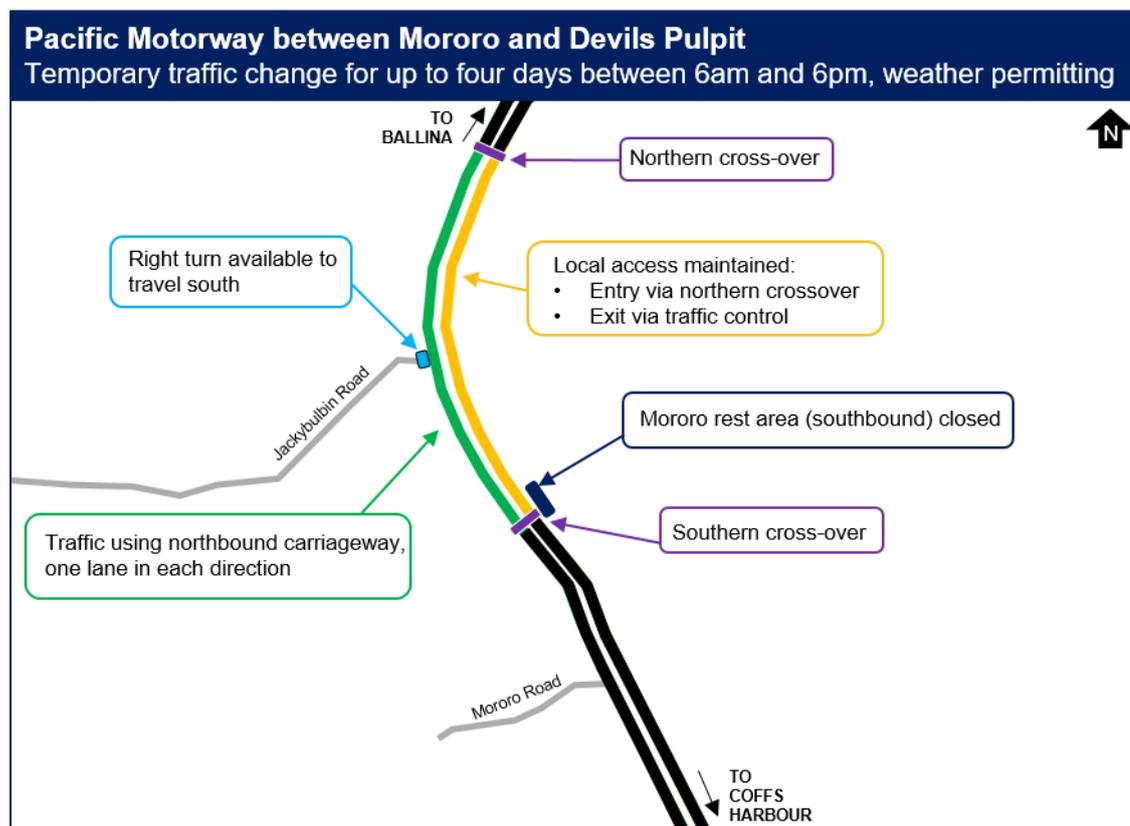

This change will be in place for up to four days between 6am and 6pm, and include:

- moving southbound traffic onto the northbound carriageway, providing one lane each direction
- closing the Mororo rest area, alternative rest areas are available at Pine Brush about 45 kilometres to south or Ballina about 60 kilometres to the north

During this temporary change motorists will be able to turn right from Jackybulbin Road to travel south under the direction of traffic controllers.

Temporary signage will be in place to assist with wayfinding and local residents affected by these changes will be provided with more detailed information.

Between 6pm and 6am the north and southbound carriageways will be reinstated to two lanes divided carriageway, including local road connections and access to the Mororo rest area.

Temporary signage will be in place to assist with wayfinding and local residents affected by these changes will be provided with more detailed information and mapping.

Motorists will be kept informed about dates for this traffic change through electronic message signs and on livetraffic.com.au

How we manage our work

The project team will use machinery that generates noise, light and vibration. To manage this work, we will:

- direct temporary lighting down and away from homes
- locate equipment such as generators as far as possible from residences
- turn off machinery when not in use
- plan activities to minimise noise from reversing vehicles
- monitor noise and implement further mitigation measures, if required

All work will be carried out in line with the project's Conditions of Approval and Construction Environmental Management Plan.

Work hours

Construction hours extended during Coronavirus outbreak

Monday to Sunday between 7am and 6pm

Public holidays between 7am and 6pm

*Additional out of hours work will continue to follow the existing approval and community notification process.

In areas where residents live more than 200 metres from the work, extended work hours are allowed between 6am and 7am and 6pm and 7pm from Monday to Friday.

Traffic changes

To manage queuing and safety, there will be some temporary traffic changes and lane closures that may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs. Motorists are encouraged to remember PAC – Plan, Awareness, Caution. For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW app. We apologise for any inconvenience and thank you for your patience during this important work.
